Hi Rachel,

Unfortunately, on the 30th I am helping to run an all day workshop related to the water-energy nexus and interagency collaboration.

I am really disappointed to miss this opportunity to meet with this group.

Thanks,
Rebecca

It turns out that Sam was going to ask us for an earlier meeting time, anyway. I hope that we don't loose to many people with this earlier time.

All --

I have been informed that this time conflicts with the retirement celebration for Jim Wigington, which will be attended by several of our key technical staff (including Jim, of course!). I'm going to ask Sam if we can move it up by an hour.

I know we can't make it work for everyone, so if this is a meeting of interest to you, and you can possibly re-schedule to accommodate it, please do try. I'll look into recording it, as well, and let you know what I find out -- if anyone knows how to do that, please let me know.

Thanks,
Rachel

Subject: Bristol Bay: Meeting with Sam Snyder and Alaska Conservation Foundation technical team

When: Tuesday, April 30, 2013 2:30 PM-4:00 PM (GMT-05:00) Eastern Time (US & Canada).

Where: DCRoomWest6300D/DC-CCW-OW-WEST

Greetings,

This is a meeting with Sam Snyder, Dan Schindler, Ann Maest, and Dave Chambers, as well as possibly Carol Ann Woody. They will be coming to give us technical feedback on the revised Bristol Bay Assessment, if it is released in the interim. They will address hydrology, geochemistry, the mine plans, the risk assessment, and fishery topics. If not, they will give us a presentation on their ongoing work.

Call-in number: Nonresponsive - Conference Code

In DC, we will be appropriately meeting in the Kenai conference room, which is on the 6th floor of EPA West directly underneath where Palmer and I sit.

I hope you can make it.

- Rachel
